

PERENNIAL WD WOOD FINISH:

Your one-component solution for fast gym floor finishing

Perennial WD Wood Finish is a one-component reactive urethane wood coating that offers superior protection, durability and appearance. This premium waterborne product is easy to apply, dries quickly and reduces gymnasium downtime with its fast curing.*

Uses/Benefits:

- Single-component urethane/acrylic water-based wood finish
- Excellent black mark and soil resistance
- Contains polymers that offer durability and appearance equal or greater than OMUs
- One hour dry time between coats under normal conditions - only 24 hour gym down time
- Uniquely restorable unlike traditional gym finishes
- Coverage - Each 9.45L jug will cover 1,250 sq. ft.

* Perennial WD is designed as a maintenance product for pre-finished gym floors. If starting from virgin wood, please contact your local W.E. Greer Ltd. office for advice.
